

ELEVENTH INTERNATIONAL MEETING ON PHOTODYNAMICS AND RELATED ASPECTS

HAVANA, CUBA

IMPORTANT NOTE

Dear all,

Taking into account that all countries continue to suffer from the COVID-19 pandemic, the local and international committee of the Photodynamics Conference have decided to postpone the meeting again. Depending on how the pandemic evolves, a tentative date could be from January 31 to February 4, 2022.

We will send a new first announcement next December.

On the [Conference web site](#)¹ you can review the fundamental aspects of the meeting.

We can only ask you to be very careful so that we can meet in Havana in early 2022.

Local [Organizing Committee](#)²

Rubayo-Soneira, Jesús

Rojas-Lorenzo, Germán
